

California Regional Water Quality Control Board-Los Angeles Region
Contracts and Grants Program

Project Summary: 03-225-554

Project Number:	03-225-554	Project Status:	Cancelled/Withdr	Grant Manager:	D Koo
Project Name:	Environmental Justice Watershed Awareness:Water Conservation and Pollution Prevention	Project on Schedule:	No		

Project Details

Watershed:	Los Angeles River-Compton Creek	Project Description:	Support and promote implementation of the LA River trash TMDL, BMPs, wetlands restoration, community-based pollution prevention, and hands-on education activities in the Compton Creek Subwatershed. Conduct environmental audits for residential and commercial activities. Management plan for subwatershed is in development.
Problem Statement:	Compton Creek, a tributary of the LA river flows through low-income inner city neighborhoods and is highly polluted: the watershed is listed on the CWA 303(d) of impaired waters for trash, copper, lead, pH and coliform bacteria. The proposed project seeks to educate and assist the residents and businesses of these inner city communities on organizing, mobilizing and empowering themselves to participate and incorporate BMP in their daily domestic and commercial activities that will help improve water quality.	Outcomes:	Education Outreach-NPS Pollution Prevention
